## PREFACE

The Customs Act contains the following provisions respecting the Annual Report of the Department of Customs:—

“305. The Minister shall annually make to the Governor General, to be laid before Parliament within fifteen days after the meeting thereof, a report and statement of the transactions and affairs of the department during the year then next preceding.”

The Inland Revenue Act also contains provisions respecting the Annual Report of the Inland Revenue Service as follows:—

“14. The Minister shall annually make to the Governor General a report and statement of the transactions and affairs of the Department during the year then next preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports and the quantity, value, and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade statistics classified by countries, with other details compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this annual report contains tables and statements relative to the Customs.

Part II of the report contains tables and statements relative to Excise.
